

Support Your Youth Organizations!

The Merrimack Town Council has a new Budget Proposal that **ELIMINATES ALL** funding for **ALL** MYA Sports Activities. Understand, this is not a Softball wide issue it is an MYA issue. They want to take OUR tax money away from our children, and use it for however they see fit.

The MYA needs your help. The Council is challenging us to show our support for our Youth Athletics. They think nobody cares, and that it is a dying organization.

If you value your children's athletics, please voice your opinion. Call, Email, Write the Council. Tell them you will NOT support Councilmen who do not support our children. Call the town Council at 424-2331.

Time is of the essence. We have until June 30, 2009 to sign the new contract or funds for the MYA fiscal year 2009 – 2010 will be in jeopardy. The **ONLY** thing that will change their mind and re-write this contract is if they hear from us, **ALL OF US**.

We are going to request a public session with the council. When this happens, we **MUST** have a large support of parents and kids there to prove to them we will not allow them to take away our children's funding.

More information will be available as it comes out at
